<b>Communication Skills</b>	Below Average	Average	Above Average	Outstanding
<b>Ability to work with peers</b>	Below Average	Average	Above Average	Outstanding

Print Name \_\_\_\_\_

Signature \_\_\_\_\_

**Language for the website explaining the form.**

This is a form to recommend a student for a peer tutoring position in the Learning Center. All applicants are required to obtain a signed faculty recommendation for each course they wish to tutor. Applicants have completed the course(s) with a B+ average or better.

Tutoring is seen as a supplement to classroom instruction, not as an alternative to attending class or reading material. A peer tutor's role is to guide students by helping them with content and by sharing appropriate study skills that can be applied to that content. Therefore, the Learning Center looks for students who know the material and who can model successful learning strategies.

Please provide us with your assessment of the student's ability/potential to serve as a peer tutor by completing the form below.

Thank you in advance for taking the time to complete the faculty recommendation form.
